

Space Celebration Day!

As part of our topic, 'Out of this World', we are going to have a Space Celebration Day on **Friday 30th June** where all children are invited to come dressed as something related to Space, such as an astronaut or alien! If you do not have a costume, normal mufti is fine. We have lots of alien boppers that the children can borrow if they do not have a costume!

We will spend the day taking part in lots of activities related to our Space topic, such as making alien cookies, learning an alien dance, and even trying real astronaut food!

We absolutely love this topic and we can't wait to celebrate it further with a fun filled day!

If you have any questions, please speak to your child's class teacher.

Thank you

The EYFS Team
