

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcome

This details the impact that our Pupil Premium activity had on pupils in the 2024/25 academic year

Pupil Premium children achieve in line with their peers at the end of EYFS	<p>EYFS (5 pupils)</p> <p>80% of disadvantaged pupils left EYFS with GLD. This is broadly in line with non-PP children, the one child who did not meet had significant intervention to support their progress from start point.</p> <p>Our evaluation, therefore, is that teaching and intervention processes outlined in the strategy were effective.</p>
Reading attainment is high among disadvantaged pupils in Y1 Phonics Screening	<p>In the 24/25 cohort, 3 Y2 pupils were in receipt of Pupil Premium funding. 66% passed their phonics screening.</p>
Pupils in receipt of pupil premium funding are funded to take part in clubs, music lessons, trips and other enriching experiences that will develop the whole child	<p>In 24/25, all disadvantaged children had their school trips paid for to enhance curriculum experiences.</p> <p>83% of children took an additional club or attended a Trust Sports tournament. All children were the offered an enrichment opportunity.</p>

<p>Increased levels of attendance and punctuality for Pupil Premium children</p>	<p>Average attendance of disadvantaged pupils at the end of academic year 24/25 was 88%. This has increased by 4% from last academic year.</p> <p>Our evaluation of the approach indicates that there is still significant work to do, and pupil premium attendance continues to be a high priority for our school. Each pupil premium child's individual attendance data is monitored daily, weekly and termly. The school works closely with our pupil premium families to support and promote high attendance.</p>
